ROSSO DI MONTEPULCIANO D.O.C

Rosso di Montepulciano is where Sangiovese rocks, enhanced by the smooth richness of Merlot. This combination creates a lively, fruit-driven wine that overflows with bright red fruits, soft tannins, and a touch of elegance. The vibrant acidity of Sangiovese is perfectly complemented by the velvety texture of Merlot, resulting in a balanced and inviting wine with depth and charm. It is an energetic expression of two iconic varietals in perfect harmony.
